Donate as an individual, group, or business.

Consider Planned Giving:

set up monthly donations via Kootenay Savings or Canada Helps

add KDPL to your will as a beneficiary

Tax receipts for donations over \$20

BUILDING FOR THE NEXT 100 YEARS

Fundraising commenced September 2020

Early phase conceptual design plans – by Richard Hunter Architects with heritage consultant Robert Inwood - December '20

Billboard constructed April 17, 2021 at future site of the library

Phase 1: Land Purchase at the corner of Front & 5th Streets completed June 2021

Phase 2: Design development and Class B costing for an environmentally friendly build by Carscadden Stokes McDonald Architects. Completed Sept 2022

We will be applying for government grants which will provide the core funding for the new library. These grants require that we raise a portion of the building costs via additional grants, events & donations. Your donation contributes to our portion and indicates community support - both are important factors for granting agencies.

Donation Form: A new library for Kaslo & Area D

Thank you for your donation to help build a new library in Kaslo.

Please check a box:

- I would like public acknowledgement (eg. Future donor recognition board)
- I wish to remain anonymous

Why does the donation get transferred to the Village?

Under current legislation (see the Library Act), Public Library Associations can not own land or buildings. The Village is working in partnership with KDPL towards a new library and will be the owner of the building after it is constructed. KDPL will enter into a long term lease agreement with the Village to operate from the new building.

Will I get a tax receipt?

Yes, the Library will issue a charitable tax receipt for all donations over \$20.

How can I be sure these funds go to the new library project?

Please specify that the donation is for the New Library Project. KDPL will transfer these funds into the Library Capital Reserve Bylaw 1257 held by the Village of Kaslo.

This bylaw is specifically for: land acquisition, site preparation, planning fees, the construction of a new library, and other future capital costs related to the library. Drawing from the reserve requires an approved resolution from Council AND a written request/ consent from KDPL.
